

2025-26 Academic Year Tuition & Fees

ALL GRADES K-12	\$38,000
-----------------	----------

Tuition includes all textbooks and school supplies. It does not include before or after school care, co-curricular activities or lunch.

Financial Aid

We at Franklin Academy understand and appreciate the financial commitment families assume in deciding to send their children to a private school like ours. We do offer financial assistance based on a family's need and the amount of money we are able to raise through development efforts. If you are interested in financial aid, please visit: <https://franklinmn.org/academy/tuition-assistance/>

Robert. F. Crosby Scholarship

Robert and Teri Crosby have generously donated \$1 million to establish the Robert F. Crosby Scholarship Fund. This scholarship fund will provide financial support to eligible families who would not otherwise be able to afford the tuition to attend Franklin Academy. To apply for this scholarship, please submit form at <https://franklinmn.org/academy/tuition-assistance/>, as well complete a Clarity Financial Aid Application.

Got it! Tutoring

Got it! Tutoring provides additional intensive, one-to-one support for your student in the critical areas of language arts and/or math. Tutoring services are provided by our special education teachers, and can be purchased in blocks of ten hours. Upon receiving registration and payment, your tutor will contact you directly to set up tutoring sessions.

\$600..... Ten (10) one-hour, one-to-one tutoring sessions.

Enrichment Activities (Owls Nest, Clubs and Athletics)

Enrichment activities engage students. Students can contribute and develop leadership skills through participation in service learning and after-school activities such as clubs and athletics. These activities enable students to be more self-directed, allow them to explore areas of interest and provide opportunities to experience success. Please visit our website or refer to the Enrichment page on our website for more information and pricing.
