

### Parent Information Night

Just a reminder that Parent Information Night will be Nov 15th @7pm. We have a full panel, but everyone is invited to attend, socialize, and share their perspectives. I would love to make this an annual event!

We would also like to open this to the public, so please feel encouraged to invite anyone you think may be interested. I'll attach a flyer in the email.

Snacks and Drinks provided.

### Spring Semester Class Sign-Up

As you may recall, we are trying out Semesters for the first time this year as part of our full-year calendar.

Second Semester begins on Feb 27th, right after mid-Winter break. We are planning on having class schedules completed by early January.

I was already considering this, but after conferences I'm more convinced that staff should play a more active role in deciding classes. I like the idea of students picking their own classes, but I also think it creates another 'to-do' for parents, and participation is mixed because of this.

We also want to utilize our assessments and prior classwork to make more informed decisions about areas of focus. There will also be some classes that I think will carry over from the Fall, and classes that are an every-year event (Culinary Skills, Health & Fitness)

Some students were active in picking their classes, so I don't want to take that away from them. I'm considering some type of hybrid model, but would strongly welcome feedback. We have two months to decide!
