

Programming off on April 1st

Due to calendar malfeasance on my part, I regret to inform you that we will not be having programming on Monday, April 1st. Given that Easter Sunday falls on March 31st this year, we will be observing it the next day, and the Franklin Center will be closed. Sorry for the inconvenience and miscommunication.

Second Semester Begins— February 26th

We will be starting our second semester on February 26th. At this point everyone should have received the new schedule for the rest of the year (College Flex students do not change classes for second semester). Due to the popularity of the Fitness Center, we've decided to split the groups with one cohort going on Monday/Wednesdays and the other going on Tuesday/Thursday (starting after February 26th). Consequently, we will no longer be putting Fitness Center days on the Newsletter Calendar after this month. Please let me know if you have any questions.

Welcome Laura!

We're very excited to add another member to our Capstone crew! Laura Bremseth joins us as our new Employment Support Specialist. Laura will be primarily working as a Voc Rehab community provider, but will also be supporting the Capstone programming as well. Laura graduated from St. Cloud State with a BS in Special Education and has her teaching license in Developmental Disabilities. She has ten years

of teaching experience, the last seven as a public school SPED teacher. Prior to that she taught in Cambodia for the Peace Corps. She continues the trend of extremely qualified individuals joining our team, and we're very excited about all that she'll be able to offer.

Same Faces, New Titles

Another change of a slightly more cosmetic nature is that Kristen McLean is now our new Social and Community Engagement Instructor and Dylan Mazza is our new Career and College Readiness Instructor. Now that we have codified our course offerings, the frequency of offerings, and the assigned instructor, it also made sense to clarify the primary role(s) of each instructor. Along with Kelsey as our Lead Life Skills Teacher, we are excited to cover all of our growth areas and allow each instructor to better focus in their curriculum research and professional development.

With Sincere Appreciation,
Michael Faeth
Director of Adult Education

February 2024
