ANNUAL FUNDRAISER

THURSDAY, MAY 7, 2026 | THE CLUB AT GOLDEN VALLEY

2026 SPONSORSHIP OPPORTUNITIES

Franklin Center was founded in 2003 by a group of parents seeking to unlock the potential of their children with neurodiversities. Previously named Academy of Whole Learning, we have continuously grown and evolved, expanding from a K-12 school to also offer behavioral and mental health therapy services, summer camp, and an adult program.

At Franklin Center, our mission is to transform lives by addressing the holistic academic, social, emotional, and mental health needs of the neurodiverse community. We do that by blending innovation with best practices, personalizing our delivery while integrating services from each of our five programs:

A Minnesota school unlike any other, delivering K-12 education through personalized accommodations for neurodiverse students.

Fully licensed, comprehensive therapy for the neurodiverse, with a focus on the intersection of behavioral and mental health.

Engaging experiences outside of school where students build friendships, create connections, and develop social skills.

Summer camps for neurodiverse or sensory-sensitive students to maintain their learning, have fun, and make friends.

A post-secondary program offering a full range of life skills courses, preparing neurodiverse young adults to live and work independently with confidence.
